**\*This email is sent from an unattended mailbox.\***

Good morning,

The VCF published its most recent [Premature and Insufficient Claims Report](#) with data through April 30, 2024. This report is published to [Program Reporting](#) on a quarterly basis.

The following updates were recently made to the VCF website:

- [April 2024 Monthly Statistics Report](#).
- [Definitive Proof of Presence Chart](#) updated to include Port Authority of New York and New Jersey (Port Authority).
- [Policies and Procedures Section 1.9](#) updated to include presence information for:
  - **Port Authority of New York and New Jersey (Port Authority):** The VCF has an arrangement with the Port Authority of New York and New Jersey (Port Authority) in which the Port Authority will provide documents directly to the VCF regarding proof of an employee's presence at the site. As a result, Port Authority employees do not need to submit any documents as proof of presence at the site unless the VCF specifically request such documents. Contacting the Port Authority directly will not expedite the processing of your claim and, in fact, may delay processing of the claim by tying up limited resources at the Port Authority. If the VCF needs additional information from you after reviewing your claim form and documentation, the VCF will contact you.

The following law firm emails were posted to [Information for Law Firms](#):

- Email – [VCF Policy Updates – Work-life Age, Annual Gross Income, and Residual Earnings](#) – May 1, 2024
- Email – [Proof of Presence Website Updates – Salvation Army and New York State Department of Environmental Conservation](#) – May 2, 2024

Thank you.
